Cherokee Implements Redistricting

Cherokee County, S.C. (May 3, 2022)- Cherokee County Board of Voter Registration and Elections is nearing the completion of the 2020 census redistricting process. We want voters to be aware of the impact this may have on them. The districts affected will be SC House, County Council, Board of Public Works, City of Gaffney and School Board. The process is complete for all districts except for City of Gaffney and School Board; we are still awaiting approval of final maps. Voters can see their new districts by checking www.scvotes.gov. During the process we have discovered a number of voters who have been assigned to incorrect precincts. This has been corrected and new voter registration cards are being mailed to these voters. Unrelated to redistricting; we moved three polling locations within our county as follows:

<u>Precinct</u>	<u>Previous Polling Location</u>	<u>New Polling Location</u>
Gaffney Ward 1	Mary Bramlett Elementary School	Cherokee County Administration Building 110 Railroad Ave, Gaffney, SC 29340
Goucher/Thicketty	Goucher Elementary	Goucher Baptist Church 415 Goucher Creek Rd, Gaffney, SC 29340
Morgan	Cherokee Creek Substation	Stateline Baptist Church 1328 Stateline Rd, Chesnee, SC 29323

Due to these changes, it is important for all voters to check their polling location at www.scvotes.gov prior to any election. You can also utilize this website for name and/or address changes.
