OVER

All Mechanical, Electrical and Plumbing shall be submitted on separate permit applications.

Most commercial projects will require plans to be submitted and reviewed for the project.

Assembly, Institutional, Educational, and Hazardous occupancies regardless of size require stamped architectural or engineered plans. All other structures over 5000 square feet require stamped architectural or engineered plans. Other plans may be owner prepared.

If the project is in a designated flood zone, a design professional must be involved.

Permits shall expire every six months after the issue date if an inspection is not performed within those six months.

The information above is true and correct to the best of my knowledge. I hereby make application for a permit to construct, to comply and conform to all County, State and Federal Laws and Ordinances.
