INTRODUCTION and INTENT of RFO:

Notice to Vendors

Sealed proposals will be received by Cherokee County from **licensed commercial general contractors** only that are experienced and qualified in the presented scope of work:

**REQUEST FOR QUALIFICATIONS 2026-24
Recycling Bailer Building – Steel Building – Recycling Department**

Proposals will be accepted until **April 24th, 2026 at 12:00 PM** at the Administration Office in the Cherokee County Administration Building, 110 Railroad Avenue, 2nd Floor, Gaffney, South Carolina 29340. Complete specifications and instructions are attached herewith.

Cherokee County is seeking a qualified **steel building contractor** who will be required to **coordinate with Teague Studio Architecture & Design on final design services and building** of a steel building that will be utilized for sorting and bailing operations of recycled materials for Recycling Department located at 541 Concord Road in Gaffney, SC. This project is being presented as a Request for Qualifications with a stipulation that the overall design and construction of the project is not to exceed \$600,000.00. The Contractor must present a proposal that provides contractor information, similar projects constructed, and a framework to show project understanding.

Cherokee County is requesting that this contractor obtain at least 3 quotes from metal building shell manufacturers/installers specifically with a scope that mirrors the needs of Cherokee County, choose the most suitable manufacturer, obtain specifications that will allow Teague Studio Architecture & Design to complete concrete slab and build out design for the project outside of the metal building shell, then build the project, coordinating with the metal building manufacturer, to provide a completed building that meets the expectations of the project.

This building will be 80 ft long by 80 ft wide by 30 ft high. This building will have a 30ft by 30 ft storage room that will be located on the right exterior side of the building attached to building.

There will be two 20ft by 20ft garage doors that will be motorized. There will be two man doors, 36” wide by 6’8” tall to be located adjacent to the garage doors. Access to the storage room will be from inside the main building with double doors with each door being approximately 10’0” in height by 36 inches in width.

This project will require an 8”, 6000 PSI concrete pad with rebar reinforcement as well as drainage outlets in the flooring located in front of the bailer and in each storage bin that will run to the outside of the building to an appropriate underground tank system. This concrete pad will extend outside of each man door location for a 5 x 5, 6” reinforced slab. This project will also require electric power for bailer, code

required outlets, 40 Fc lighting, propane infrared heat over recycling sorting area, and ventilation of 10 air changes/hour. The inside of the building will have a 6 ft high, pour reinforced concrete wall in one corner of the building and three rebar reinforced poured in place concrete storage bins in a section of the building as shown on the proposed building plans.

There will be a mandatory pre-bid meeting at 541 Concord Road, Gaffney, SC 29340 to survey the grounds and ask questions and obtain clarification regarding project scope. The meeting will be held on April 9th 2026 at 10:00 AM, and a general project scope with material and construction information not to exceed 10 pages will be required with the bid submittal that will be due on April 24th, 2026 at 12:00 PM.

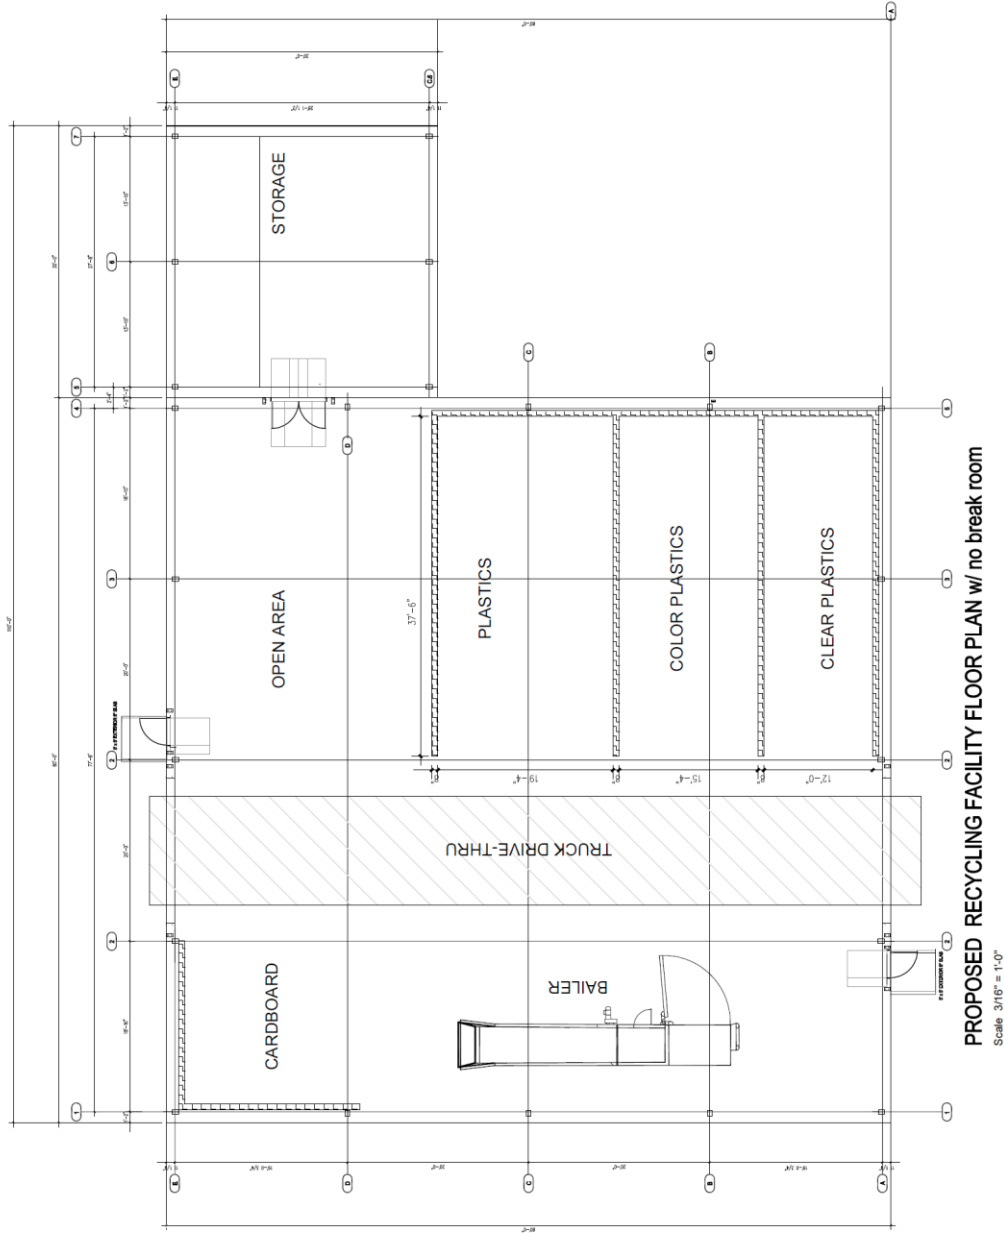

***This drawing only shows approximate location of this building, as we understand that this building will most likely be moved more inwards due to traffic exiting the far side of the building.**

Proposal Requirements and Submittal:

The following should be submitted for a proposing firm to be considered. Failure to provide the following will be considered as an insufficient submittal:

- Title page showing the contact person's name, address, e-mail address and telephone number and the date of the proposal
- The proposer's understanding of the work to be performed, the commitment to perform the work within the anticipated time period outlined by the proposer, a statement on why the firm believes itself to be best qualified to perform the engagement, and a statement that the proposal remains in effect for a minimum of ninety (90) days.
- A list of references including clients for similar projects the proposer has completed, particularly those in the state of South Carolina. The proposer must have completed a similar project within the State of South Carolina within the last seven years.
- Proposed schedule showing all critical paths and key milestones. The firm may submit any additional supporting information which it deems relevant or important to its proposal under this section. Additional supporting information is limited to no more than 2 pages.

- The maximum page amount for this submittal shall not exceed 10 pages.

Selection Process:

1. An RFQ, as the first step, will be issued to all parties via the Cherokee County website and the South Carolina Business Opportunities (SCBO) website.
2. Cherokee County will assemble an evaluation committee consisting of members of Cherokee County Administration, Roads and Bridges, and Public Works.
3. Once the responses are collected, the evaluation committee will have an initial meeting and be separately distributed the responses and an evaluation spreadsheet.
4. The evaluation committee will convene after all members have scored each response individually for a discussion and recommendation of a consultant. If this recommendation cannot be unanimously made at this time, 2-3 firms will be shortlisted and requested to conduct a 30-minute interview via Microsoft Teams with the evaluation committee.
5. The committee will then meet to discuss the short-listed firms post-interview process.
6. A final firm selection will be made by the evaluation committee based on the following matters:
 - a. The Respondent's work history (including work done under other names). Work history will include experience, conduct and performance on previous contracts, management skills, programming experience, and ability to fulfill the contract properly and on established schedules.
 - b. The Respondent's record of consistent client satisfaction, including projects comparable to this project. **Keep in mind, Cherokee County is NOT looking for a full 'brick and mortar' project for this building. Cherokee County feels that based on existing facilities, the purpose of this facility, and the utmost responsibility to the taxpayer to be fiscally accountable, this project does not warrant a full-scale brick and mortar building. A correctly designed concrete slab, a metal building shell that meets SC Building Code for use, and a minimal mechanical/electrical/plumbing scope will satisfy the needs of this project.** If a respondent team's member operates other related firms or has project management experience with a prior firm, the County may consider these connections in determining qualification for the Project. The Respondent, by submitting an RFQ, authorizes the County and its representatives to contact the owners and others familiar with these prior qualification connections. Furthermore, the respondent authorizes anyone from the prior work relationship to provide the County with a candid evaluation of the respondent's past performance.
 - c. The Respondent's prior experience on other projects undertaken for the County to include their demonstrated ability to complete work on these projects in accordance with the contract documents and the respondent's ability to work with the County during the process and on any and all follow-up issues that arise after project completion.
 - d. The Respondent's full understanding of the county's goals and scope of this project, with an emphasis on project budget/value engineering as well as the county's desire to move recycling operations as soon as feasible.
 - e. Such other factors as the County may determine reasonable or necessary at its sole discretion.

The criteria used to evaluate the RFQ responses will include, but not be limited to, the following:

- 20% - Qualifications of the Respondent, specifically as they relate to this Project,
- 35% - Experience of the Respondent on similar projects,

- 35% - Project Scope Understand and Project Approach,
- 10% - Responsiveness to the Request for Qualifications (Quality of Response.)

Submission and Delivery

Firms interested in being considered for this project should submit 1 bound copy and 1 electronic PDF copy via flash drive of their response to this Request for Qualifications no later than 12:00 PM EST on April 24th, 2026.

Proposals should be delivered to the attention of:

Abi Reid

Administration Coordinator

110 Railroad Avenue Gaffney, SC 29340

Email : abi.reid@cherokeecountysc.com
